ACADEMIC SCHOLARS

Academic Scholars Program (ASP) 2005-2006 Year-End Report

Highlights:

- ◆ In fall 2005, 250 freshmen National Merit Scholars received awards through the program and attended Oklahoma universities. This is an increase of 11 from fall 2004 and compares to only 45 freshman National Merit Scholars attended that attended Oklahoma institutions in fall 1987 before the program was implemented.
- ◆ In fall 2005, 2,132 students at Oklahoma public and private colleges and universities were enrolled in the Academic Scholars Program, an increase of 106 from fall 2004. The 2005 freshman class totaled 620 students—385 “automatic qualifiers” and 235 Institutional Nominees. This is an increase of 19 or 3% from the fall 2004 freshman class.
- ◆ On average, almost 17% of program participants lose the scholarship after one year. However, for the most current year the rate was only 13%. About 71%, on average, have retained the scholarship through their fourth year of eligibility; the most current class was significantly better at 86%.
- ◆ For the 1,365 participants entering into the program between 1998-2000, 73% (999) received at least a baccalaureate degree from an Oklahoma institution.
- ◆ About 68% of the program’s graduates remain in Oklahoma one year after graduation. This compares to about 79% of all Oklahoma bachelor degree recipients based on the latest statewide data. The one-year retention rate for Oklahoma residents in the program (75%) is significantly higher than for nonresidents (48%). After five years, about 33% of the Academic Scholar graduates are still in Oklahoma, compared to 59% of all bachelor degree recipients.
- ◆ About 86% of the program participants attend three universities—University of Oklahoma (51%), Oklahoma State University (22%) and the University of Tulsa (13%). The remaining participants attend public regional universities (8%), public two-year colleges (3%) and other private universities (3%). The three largest participating institutions also account for almost 92% of the total program expenditures.
- ◆ Few program participants qualified for other Oklahoma financial aid programs. In 2005-06, about 4% received an award from the Oklahoma Tuition Aid Grant (OTAG) program; and about less than 8% were eligible for Oklahoma’s Promise-OHLAP. Only 30% of participants reported parental income on the 2005-06 FAFSA; and of those participants, 65% reported a family income of \$50,000 or higher.
- ◆ Participation rates for Black and Hispanic students have consistently declined over the past five years; the percent of Black students participating in the program decreased from 2.79% to 0.84% and 6.12% to 1.45% for Hispanic students.

VII. Qualification Profile by Institution:

To automatically qualify for the Academic Scholars Program, Oklahoma residents and nonresidents must have received the designation of National Merit Scholar, National Merit Finalist, or Presidential Scholar. Oklahoma residents may also qualify by achieving a score in the top one-half percentile on the ACT or SAT.

The 1999 Legislature created another avenue by which students can qualify for ASP awards, Institutional Nominees. Applicants may qualify for consideration by public colleges and universities in one of two ways:

1. by having an ACT or SAT score that falls within the 95.0 to 99.49 percentile levels; or
2. by demonstrating exceptional academic achievement as evidenced by a number of factors including grade point average, class rank, national awards, scholastic achievement, and academic honors.
